About

Anthony Towne

Juggling Instructor

Email: ttowne@uoregon.edu

Biography

Teaching Experience and Credentials:

- BS Forest Management—1979, Oregon State University
- I have taught Juggling I and II here since 1988.

Juggling is a creative delight. It is very rewarding to learn a physical skill. In fact, learning to embody knowledge is fun. We explore together and discover we can befriend gravity and laugh a lot in the process.

I like helping people. I have worked at Evergreen Nutrition here in Eugene for 25 years sharing nutritional supplement knowledge.

My wife Jane and I enjoy camping, gardening, and following our Duck Women's Basketball team. I also enjoy helping with the Pole Vault Crew at Oregon's Track and Field meets.

I am also an artist and have carvings in the Tokyo National Museum and the Japanese Royal Family collection. White Lotus Gallery in Eugene has some of my work.
